Are you keeping up with the latest in construction technology?

To remain competitive, construction professionals must keep up with the latest technology products and trends that are driving the industry. Albin, Randall & Bennett invites you to attend the Construction Technology Expo designed specifically for contractors, engineers, architects and other construction professionals. From cloud computing to the latest in accounting software or enterprise management solutions, we’re bringing top technology vendors to New England for a day of demonstrations, education and networking.

Test-drive the products.
Learn from the pros.

We’re thrilled to bring the leading providers of construction industry technology to New England for a day-long expo focused on the construction industry. In addition to ample time for networking, choose to attend a variety of educational sessions throughout the day presented by the technology vendors themselves. Ask questions, test drive the latest products and take a wealth of decision-making knowledge back to your team.

Award-winning software vendors will demonstrate the latest technology products that will help you improve your processes, create efficiencies and boost profitability.

Who should attend:
- Construction Managers
- Engineers
- Project Managers
- General Contractors
- Subcontractors
- Architects
- Designers
- Finance Professionals
- Consultants

Schedule of events:

We designed this event with your busy schedule in mind. Plan to attend the entire day, or attend only the breakout sessions that interest you the most. We encourage all attendees to spend time networking with vendors in the vendor hall and attend their breakout sessions for in-depth review of their products and services. When you register, let us know if you plan to attend during the breakfast and/or lunch hour.

Attend and you will learn:
- How the latest trends in technology are changing how construction professionals do business
- How to use new software products to improve profitability
- How to improve your business operations and add efficiencies to your processes
- How to stay ahead by utilizing new technology tools for job costing and project management
- How mobile technology can enhance productivity

OCTOBER 17, 2012
The Doubletree Hotel
South Portland, Maine

OCTOBER 17, 2012
The Doubletree Hotel
South Portland, Maine

Play 9 Holes. Enter to Win a Golf Set!

Make the most of networking time built into our agenda by making your way through our “9-Hole Vendor Hall.” We’ll plant a fresh, scented, fragrant breeze throughout the course of the event. Test out a new question about their product or service and ask one of each exhibitor at your leisure. Have your scorecard with you to help you keep score and, if you complete the course, enter your completed scorecard for a Callaway golf set valued at $1,000.
